## ROOSEVELT ECHOES WILSON LEAGUE BATTLE CRY

Two Great Problems To Be Solved—Covenant Will Dispose of Foreign Relations and Command Some Administration of Our Will Give Government Needed Reorganization.

By Telegram to The Freeman.  
Hyde Park, N. Y., Aug. 9.—A call to the Democracy of America is rally around the covenant of the league of nations was sounded here today by Franklin D. Roosevelt, former assistant secretary of the navy, who has formally accepted the vice-presidential nomination from the Democratic party.

Describing the future America as a "hermit nation," if she rejects the league covenant, he declared that ratification alone could fulfill the ideals held by this nation when she entered the world war.

Holiday at Hyde Park.  
Thousands upon thousands of visitors thronged Roosevelt's "home town" for the ceremonies attending his nomination. The townpeople had decorated their homes and streets in holiday garb and all work was at a standstill.

Homer S. Cummings, in his formal notification address, branded the Republicans, since 1912, as a party of destruction and retreat, while the Democratic party in the same period was winning for America the homage of the world. Describing the Republican platform as a product of timidity and cunning, he declared the Democratic platform was a means of winning back the world's respect for America and an instrument of constructive progress in domestic problems.

Mr. Roosevelt spoke plainly and distinctly in his reply. He declared America must either accept the covenant or else "build an impenetrable wall of armaments and live a hermit nation, dreaming of the past."

Two Outstanding Problems.  
Foreign relations and organized progress at home, he said, were America's two greatest problems today. The covenant would dispose of the first, while a Democratic administration under the kind of leadership represented by James M. Cox, the Democratic presidential nominee, would solve the other, Roosevelt declared.

He laid great stress on "a common sense government" and "business administration," declaring Governor Cox's gubernatorial achievements eminently fitted him for the nation's chief magistracy. He attacked "incompetence" and "antiquated" machinery in the houses of congress. He declared the departments in the government's administrative branches would have to be reorganized.

Mr. Roosevelt spoke in part as follows:  
"I accept the nomination for the office of vice president with humility and with a deep wish to give to my beloved country the best that is in me."

"I could not conscientiously accept it if I had not come to know by the closest intimacy that he who is our selection for the presidency is a man possessed of ideals which are also mine. In James M. Cox I recognize one who can lead this nation forward in an unshakable march of progress."

Accept League or be Hermits.  
"Two great problems will confront the next administration; our relations with the world and the pressing need of organized progress at home. The latter includes a systematized and intensified development of our resources and a progressive betterment of our citizenship."

"In our world problems, we must either shut our eyes, sell our newly won merchant marine to more far-sighted competitors, close our ports, build an impenetrable wall of costly armaments and live as the Great United States, a hermit nation, dreaming of the past; or we must open our eyes and see that modern civilization has become so complex as to make it impossible to be so simple as to make it impossible to avoid except by monastic seclusion those honorable and intimate foreign relations which the fearful shadow of a world war has so recently shattered. International complications."

"As for home problems, we have been weakened by this war into a partial realization of the archaic shortcomings of our government machinery and of the need for the kind of reorganization which only a clear thinking business man can carry out. Even so the nation entered the war on an ideal, so it has emerged from the war with the determination that the ideal shall not die. To the glory of the French at Verdun they shall not pass; the cause of our own is the American flag; it shall not pass; our great ideal; it shall not pass. This is the positive declaration of our own will; that the world shall be saved from a repetition of this war."

Hope For Irish Americans.  
"To the end the Democratic party offers a treaty of peace, which is not a real treaty for a real peace. Most certainly a league of nations, because this peace treaty, if we have and cannot get to have, will be a mere device to keep us from a real peace treaty, which is a real peace treaty. The league of nations is a permanent solution of a

## DEMS. FLOCK TO ROOSEVELT HOME

Political and Social Celebrities Gather at "Spring Wood" For Notification Ceremonies—Will Take Stamp at Once on Cross-Continental Tour.

By Telegram to The Freeman.  
Poughkeepsie, N. Y., Aug. 9.—A pall of dust hovered over the Hudson valley today as an endless chain of motor cars roared northward on the way to "Spring Wood," the ancestral home of the Roosevelts on the old Albany post road near Hyde Park, where Franklin D. Roosevelt will be formally notified this afternoon of his nomination for the vice-presidency by the Democratic party.

This picturesque section, famed in literature, had its greatest gala day in history as the river towns turned out en masse to welcome visitors to the notification ceremonies.

Secretary Daniels There.  
Special trains bringing Democratic celebrities from east, west, north and south tossed hundreds into the narrow crowded streets early in the day. Private yachts coursed up the river to the landing at Hyde Park, carrying the wealth and leaders of the party.

Secretary Daniels, former chief of the vice-presidential nominee, was among the latter, arriving early from New York.

The old post road, where coaches of four swung in state grandeur in its historic days was transformed into a long black snake, with thousands of automobiles converging on "Springwood" from every direction. While townspeople and political supporters comprised most of the early crowd, there was a smattering of social celebrities from the great estates neighboring the Roosevelt home. Brilliantly gowned women from the nearby exclusive summer colonies gave an added color to the scene.

Roosevelt was an early riser. He took a brief ride during the forenoon with Livingston Davis, of Boston, a college classmate who accompanied him here late yesterday from Dayton, Ohio.

Welcomed by Candidate.  
On this ride he met Mrs. Roosevelt and his three oldest children, who arrived from their summer home in Maine. Later he assisted in welcoming incoming members of the committee on education, of which Homer S. Cummings is chairman.

William G. Redfield, former secretary of commerce, and William Gibbs McAdoo, former secretary of the treasury, were early arrivals. Both went direct to "Springwood."

Governor Alfred E. Smith of New York and Democratic National Chairman George White came in on early trains.

Following the notification today Mr. Roosevelt will prepare his first transcontinental tour. He will confer with Democratic leaders in New York for Chicago, leaving in the evening for Chicago. His campaign will be opened in Chicago Wednesday from where he will swing north and west for visits to fifteen states in seventeen days. He will then return east, touring New York and New England before again returning to the west on a more southerly route.

Excursion Down the Hudson.  
Eighteen hundred delegates to the International Typographical convention at Albany took part in a trip down the Hudson Sunday to this city. They made the excursion on the steamboat Berkshire, leaving Albany at 9:30 o'clock in the morning. On reaching Kingston the boat did not dock but turned in mid-stream for the return trip.

practical situation. It is no more perfect than our original constitution which has been amended 18 times and will soon, we hope, be amended the 19th, was perfect. It is not anti-national, it is anti-war. "From the practical point of view alone a peace by resolution of congress is unworkable. A peace by resolution of congress is an insult and a denial of our national purpose."

"Among the most pressing of national needs I place the bettering of our citizenship, the extension of teaching to over 2,000,000 of our population above the age of ten who are illiterate, the strengthening of our immigration laws to exclude the physically and morally unfit, the improvement of working conditions especially in the congested centers, the extension of communications to make rural life more attractive and the further protection of child life and of women in industry."

World Leadership Field This.  
"The administrative branches also great changes must take place. The functions of the departments should be reorganized along common sense lines and methods provided to eliminate and prevent duplication of effort. Under the supervision of civil service the nation must appropriate these paid to private employ."

## WEDNESDAY WILL BE DOLLAR DAY IN KINGSTON'S LEADING RETAIL STORES

On That Day Merchants Will Offer Unusual Bargains in Many Lines at the Uniform Price of One Dollar, of Course Not Neglecting General Trade in Other Goods

Kingston's leading merchants in all lines have decided to cooperate in a Dollar Day Sale on Wednesday of this week, at which time they will offer in their stores numerous attractive bargains at a uniform price of one dollar.

On this day many articles will be sold for one dollar that are worth much more than that sum and that are now and will be again, after Wednesday, sold for considerably more than one dollar.

Of course due attention will be given to general trade in articles that cannot be sold for one dollar, articles that are sold for much more or much less than that sum.

But the big feature of Dollar Day will be Dollar Goods, in which there will be bargains worth coming many miles to take advantage of.

## MYSTERY AS TO SLAVIN'S HURTS

John J. McGraw Punished By Stranger According to Friends and Slavin Made Peace—Story Is That Slavin Collapsed in Front of McGraw's Home.

By Telegram to The Freeman.  
New York, Aug. 9.—John C. Slavin, veteran actor, is in a serious condition today at St. Luke's Hospital suffering from a fractured skull and other injuries he mysteriously received in front of the apartment house where John J. McGraw, manager and vice-president of the New York baseball club, makes his home. Officials later found McGraw with a swollen nose and black eye, received, according to friends and McGraw himself, in an altercation at the Lambs Club with an unknown man.

Slavin was taken to the hospital by Winfield Liggett, a resident of the Lambs Club, and a taxicab chauffeur. They declared Slavin's injuries were a mystery to them. They said they had argued with McGraw over payment of the taxicab fare when all three were driven from the club to McGraw's home and that McGraw left them. When they turned to go back to the club, they say, they found Slavin lying on the sidewalk. They neither heard nor saw him fall, they say, and there was no one near who could have struck him.

McGraw, all said, was struck on the nose by a stranger in the club. This altercation was stopped, they said, after which an argument again started and McGraw was stuck in the eye. Slavin interfered, they declared, and led McGraw to the wash room, where his face was bathed. Then Liggett, Slavin and McGraw took the taxicab to McGraw's apartment.

Police were called to the hospital after noon. Attendants said the injured man had just reached there. The police are trying to account for the statement by the chauffeur that he had taken McGraw home at 7:30 a. m. Slavin spent a comfortable night, according to hospital attendants, but his condition is believed to be very serious.

NO U. S. NOTE.

On Polish Situation Yet Sent To France.

By Telegram to The Freeman.  
Washington, Aug. 9.—Reports from Paris that the American government has sent a note to France on the Russo-Polish situation were officially denied today.

While a flat denial was made that this government has dispatched such a note to France, Secretary of State Cully refused to discuss the probable course of the United States.

In the light of the denial of the state department, it was believed here that the Paris report might have originated from the informal exchange of information and views which this country has been conducting with the allies.

Paris, Aug. 9.—The American state department is sending a note to France referring to the Russo-Polish situation. Part of the note was received by the foreign office during the morning and the 3-page note was expected to arrive before night. Foreign office attaches would say nothing about the communication except that it referred to the Russo-Polish situation.

## PREMIERS SEEK PEACEFUL MEANS

Cabinet Tonight to Hear Lloyd George's Policy and British Russian Policy Will Be Told to Commons Tomorrow.

By Telegram to The Freeman.  
London, Aug. 9.—(1 p. m.)—Despite alarmist reports from Hythe, where Premier Lloyd George and Premier Millerand and their military advisers are conferring, peace was still the keynote of the Russian situation this afternoon.

The British cabinet has been summoned for a special session at 6 o'clock this evening to hear a report from Premier Lloyd George and to reach an agreement on policy which the premier will announce in the House of Commons tomorrow.

It was learned from an authoritative source that no decisive move has yet been made toward a new and drastic blockade on Soviet Russia, and it is reliably reported that none will be made until after the premier has had an opportunity to lay the whole Russo-Polish situation before commons tomorrow.

It was admitted today by the foreign office that names of red cavalry are now approaching the Warsaw-Danzig corridor.

Possibility of formal declarations of war against Russia by England and France are made extremely remote by the attitude of labor.

## SOVIETS CLAIM GAINS BY ARMIES

By Telegram to The Freeman.  
Paris, Aug. 9.—"The Russians are nearing the Warsaw-Danzig Railway (the corridor of communication between the Polish capital and the Baltic Sea) and have captured Chornobyl," said a Soviet war office communique wirelessly from Moscow and picked up here today.

"Russian cavalry has reached Parana (50 miles northeast of Warsaw) and Vladimir (17 miles southwest of Warsaw). We defeated the enemy in the sector of Tarnopol (Galicia)."

"We have achieved further successes in our counter offensive against General Wrangel in South Russia."

GERMAN OFFER.

To Revert Soviets For Lend Lease As Double Game.

By Telegram to The Freeman.  
Paris, Aug. 9.—Germany has made several unofficial overtures to join the allies against Soviet Russia if the allies will renounce the treaty of Versailles. It was learned from authorities close to the French foreign office this afternoon.

In view of the neutrality protest from Dr. Von Simons, German foreign minister, French officials consider the overtures as part of a "double game" that Germany is attempting to play.

Devil Cap From Tarnopol.

By Telegram to The Freeman.  
New York, Aug. 9.—America's loan team which will try to bring back the Davis cup from Australia next winter, is now preparing to get started in the tournament at Newport this week. The team, composed of William T. Tilden, William M. Johnston, Charles S. Garland and Richard Norris Williams, with Samuel Hardy as captain, returned yesterday on the Imperator.

It Was Well Known.

Edward Hall of Chicago and his son, Edward and Fred Hall, are much more concerned today. Judge John P. McGraw, of the circuit court, has promised them to change their surname to Hall. Hall formerly owned a saloon and the expression was put on by his business partner, "Let's go to Hall for a drink."

## FOCH THINKS AID WILL SAVE POLES

Allied Premiers Review Plans of Military Chiefs—Foch-Russell Conference Wednesday—Some Fear Of German-Soviet Alliance.

By Telegram to The Freeman.  
Hythe, England, Aug. 9.—While there appears little likelihood that Great Britain and France will make formal declarations of war against Soviet Russia, Premier Lloyd George of England and Premier Millerand of France, have allowed it to be known that "the allies are determined to prevent the Russian Bolsheviks from advancing into western Europe."

Military and naval plans that were drawn up last night by Marshal Foch, Field Marshal Wilson, chief of the general staff, and Earl Beatty, commander of the British grand fleet, were taken up by the Anglo-French premiers today. These plans, it was understood, provide for protective measures and the possibility of a more drastic blockade of Soviet Russia.

Serious Situation Admitted.  
Rejection by Moscow of Great Britain's proposal for a ten day truce on the Polish battle front to discuss armistice terms and peace preliminaries has precipitated a serious situation and has proven a severe setback to Premier Lloyd George's plans.

No effort is being made in official circles to disguise the menace in the Polish situation, but hope is still held out that the Polish and Russian delegates may reach an agreement at Minsk during the conference which is proposed for Wednesday.

The continuance of the conference from Sunday has made it necessary for Premier Lloyd George to postpone his promised announcement in the House of Commons this afternoon of the Russo-Polish situation.

The conference was resumed at 10:30 o'clock at the home of Sir Philip Sassoon, at Lympne, on the outskirts of Hythe. It was admitted when the meeting began that the allies are prepared to impose a strong blockade on Russia to isolate her from the outside world unless Moscow immediately agrees to halt the Russian advance upon Warsaw.

Members of the French delegation said that the business on hand would be cleaned up today and that Premier Millerand would depart for Paris at 3 o'clock today.

There was a report in circulation that a member of the Bolshevik trade mission might arrive from London to meet the premiers but it was not confirmed and was generally doubted.

Premier Millerand fully announced that he would not meet any of the Russian trade delegates who came to London with M. Krassin. There were strong indications, however, that Premier Lloyd George has been attempting to have Premier Millerand accept the Soviet government's proposals for peace with Poland as a preliminary to a general parity to be held in London.

Marshal Foch is said to hold the conviction that the Poles are not yet beaten and could be saved if the army is reorganized and supplied with munitions and guns.

The conference of the military and naval experts continued until early today when the allied generalissimo outlined his opinions and plans in great detail.

Germany Could Seek Revenge.

One of the chief fears of France arises from the possibility of an alliance between Soviet Russia and Germany. The French fear that the Germans may seek such an alliance to avoid their obligations under the treaty and also as a means of getting revenge upon the allies for the loss of the world war. It is this fear which has led Premier Millerand and Marshal Foch to advocate vigorous measures, even to the extent of armed intervention to save Poland.

## LOCAL COPS ARE GETTING READY

The members of the local police force who will play Newburgh on the Athletic Field on August 18, are rapidly rounding into shape for the big game. Sergeant Hanley and Gus Keenly will be in the points for the locals, and the other members of the team will be selected from James V. Simpson, Robert F. Hanley, Peter J. Camp, Robert Keresman, James E. Welch, Sergeant Finney, Winfield Catroff, Frank H. Paton and William J. Reardon. Tickets for the game may now be obtained from members of the force. The proceeds will be for the benefit of the police fund.

SALVATION ARMY

Remained Like Real Camp Meeting Sunday Night.

There will be no meeting this week at "The Camp Grounds" of the Salvation Army on North Front street, on Tuesday, Thursday, Saturday and Sunday nights at 8 o'clock. Last night Mrs. Commandant Hartman spoke and introduced the good crowd which had assembled. At the close of the meeting three young men proposed Christ. The music and singing was good and the crowd easily imagined they were out in the woods in attendance at a regular camp meeting. Last night's meeting, it was said, was the best ever held here. The public are invited.

Phonics at the Point.

The Methodist and the Primitive Sunday schools of Chateaufort will meet at Kingston Point on Thursday of this week.

## MANNIX LANDS IN CORNWALL

Is Reliable British Report. While Other Dispatch Has Him Taken Off Baltic by Destroyer Which Heads For France.

By Telegram to The Freeman.  
London, Aug. 9.—Archbishop J. Mannix, of Melbourne, was landed from the Baltic at Penseance, on the coast of Cornwall, at 4:15 o'clock this afternoon and will proceed to London tonight, according to the Press Association.

(Note.—The Press Association is regarded sometimes as the semi-official mouthpiece of the British government in making public announcements.)

The admiralty refused to confirm a report that Archbishop Mannix had been removed from the Baltic on a destroyer. It was explained from another government source that the archbishop might have been removed and that it was possible he had been landed on the coast of County Cork, under guard, to visit his mother at Charleville. After this visit, it was pointed out, he could be returned to the destroyer.

London, Aug. 9.—Archbishop Daniel J. Mannix and one of his secretaries were forcibly removed from the liner Baltic off Queenstown early today and were transferred to the British destroyer Wivern for transportation to France, according to a dispatch from Queenstown this afternoon.

The Baltic was reported off Queenstown at midnight. She stopped for two hours and then proceeded on her way without signalling, said a Queenstown dispatch this afternoon.

"One of the British destroyers conveying the Baltic entered Queenstown Harbor early today for some unknown purpose and after its return both the liner and the convey departed on their way," said a Central News dispatch from Queenstown.

"Some smaller craft were seen in the vicinity of the Baltic at the same time."

The appearance of the Baltic off Queenstown was the signal for great military activity in that city. Pedestrians approaching the harbor front were turned back and the residence and hotel owned by Archbishop Mannix's brother were minutely searched.

According to the Irish officers the government's procedure against the archbishop was determined at a cabinet session, "at which grave revelations were presented."

Scotland Yard inspectors said there was a possibility that Archbishop Mannix might be sent back to the United States. Certain clauses of the Defense of the Realm act are still operative under which the government could take such action.

## NEW LINE CLOSE TO WARSAW

Vast Preparations For Stand At Edge of City—Russ Cavalry Run 30 Miles Distance—Hungary Offers Help And Poles Look To Rumania Also.

By Telegram to The Freeman.  
Warsaw, Aug. 8. (Via London, Aug. 9.)—Despite the resolute resistance of the Polish army the invading Russians advanced nearer to Warsaw today. Russian Cavalry is reported between 25 and 30 miles away.

Vast preparations are being made to meet the enemy at a new line of fortifications three miles from this city. The final decisive battle for the capital will be fought there.

The Polish Diet is moving to Posen, but the cabinet has decided to stay until the Russians are at the very gates.

The entire population of Warsaw has been called to arms. A declaration from the Hungarian parliament, headed by Baron Tisza, has arrived here and offered military help to Poland. It is expected that some Hungarian cavalry divisions will be dispatched through Czechoslovakia.

Polish officials express the hope that Rumania will join the war against Russia without further delay.

Poland has finally withdrawn a new peace note to Moscow, containing conditions for the proposed armistice conference, after the soviet wireless station had refused to accept the communication three different times.

The Rumanians were on the verge that atmospheric conditions were too bad to attempt to send a message. The Poles made further efforts and completed the sending of the note.

Rumors were current here that Poland had asked Germany for aid.

## ROME NURSING

Miss Stuart to Demonstrate at Rescued.

The second meeting of the home nursing course conducted by the Rescued Home Bureau will take place tomorrow afternoon at 2:30 o'clock, state time, in the All Saints' parish house. The subject of this meeting will be "Food for the Sick and Convalescent," including also a discussion of special diets. This meeting will take the form of a demonstration and will be given by Miss L. M. Stuart, the Home Bureau manager. Everyone is invited and urged to attend this demonstration.

## ONE KILLED AT KATRINE CROSSING

Five-year-old Myrtle Woerth Dead As Result of Light Locomotive Hitting Auto With Eight Occupants—Three Other Women Here Injured The Struck of Which Is Not Yet Known.

One was killed, and three others badly injured when the automobile they were riding in was struck by two locomotives on the West Shore railroad at the Katrine railroad crossing shortly before 8 o'clock Saturday evening. Four other occupants of the car escaped with a shaking up and bruises. Two of the injured were brought to the Kingston City Hospital, and the other is at her home in Katrine, nearby the scene of the tragedy.

The Dead And Injured.  
Myrtle Woerth, 5 years old, a daughter of A. Woerth, a Brooklyn baker and driver of the ill-fated car, was so badly injured, that she died on the way to the Kingston City Hospital.

Miss Annie Crain of 1807 Fifth avenue, Brooklyn, is at the hospital here, and it is thought that she sustained some fractured ribs. An X-ray was to be taken today to determine the extent of her injuries.

Mrs. Nellie Pflaum of 2334 Monument street, Baltimore, was removed to the home of her sister, Mrs. Knorr in Katrine, and Sunday it was stated that she was badly bruised, and the extent of her injuries had not been definitely determined as yet.

Mrs. Bernard Faber is at her home in Katrine. Her injuries were so serious that it was not thought best to remove her to the hospital here.

The Others In Auto Party.  
The four others in the party were Mr. Woerth, the driver, his other daughter, Hope, Miss Lillie Shoeneck and Bernard Faber. They escaped without serious injury. Miss Shoeneck had so far recovered Sunday that she returned to her home in New York.

Had Been Visiting Fabers.  
Mr. Woerth and his two daughters, Myrtle and Hope, had been spending several weeks with his brother-in-law, Bernard Faber, who resides in Katrine. Mrs. Woerth was not with her husband and daughters, but was at home in Brooklyn.

How The Tragedy Occurred.  
Shortly before 8 o'clock Saturday evening the party of eight left the Faber home in Katrine and drove to Brink Brothers' store near the railroad tracks to get their mail—and then got back into the car which stood on the street and within about one hundred feet of the crossing.

Mr. Woerth started the car, which leaped ahead and as it was crossing the tracks it was struck by the engine, which were coupled together, and were on the way to Kingston.

The engine struck the car toward the rear ripping it in two. Engineer Claims He Sounded Warning.

The engineer in charge of the forward engine, which struck the auto claims that as he approached the crossing he blew his whistle and the bell was rung. The electric head light on the engine was also lit, and could be seen for a considerable distance.

The only possible theory to account for the tragedy is that Mr. Woerth did not hear the approaching engine, which were hidden from view by the store, when he started his car, and that he was on the tracks before he realized the danger.

Some In Front Seat Hurt.

A peculiar feature of the accident was the fact that those sitting in the front seat of the automobile escaped with bruises. Beside Mr. Woerth the seat was occupied by Mr. Faber and Mrs. Woerth's daughter, Hope.

In the rear seat sat the girl who was killed, Mrs. Faber, Miss Pflaum, Miss Schoeneck and Miss Crain.

Engines Brought to Stop.

The engineers in charge of the engines quickly brought them to a stop. The railroad tracks were strewn with parts of the wrecked automobile, and those not injured extricated themselves from the wreckage and turned to aid the others in the party.

Many quickly gathered at the scene and busy calls were sent to Kingston and Saugerties for physicians. Doctors John G. and William J. O'Leary, Daniel Connelly and E. E. Norwood quickly responded and are now attending the injured. In the meantime the injured were carried into the Faber home and the home of Mrs. Knorr, her sister, where they received medical attention.

Miss Crain and Myrtle Woerth, who were thought to be the more seriously injured, were placed in automobiles and rushed to Kingston, but the Woerth girl expired before she reached the hospital.

Relieve the Car Shortage

A total crop improvement service is being offered and there is little chance for getting any more cars, why not use the cars we have to the fullest capacity?

The Chicago Piano & Organ association has started a campaign among its members suggesting that requests be sent to all customers, urging everyone to speed up. They say:

"With the impending crop movement upon us and the movement of coal together with the tremendous tonnage of other products, it is recommended that the best possible use be made of present facilities."

"If 1,000 car users will load or unload one car one day earlier, 1,000 cars per day will be released for service."

"We recommend that orders be placed now for shipment as early as goods can be removed. An earnest, unselfish effort on the part of our trade to assist transportation authorities will go far toward preventing priority orders of any nature tending to deprive us of transportation facilities."

This appeal is being handed along to all of the other lines of trade. It is said that we are 200,000 freight cars short. A loaded freight car should travel about 20 miles a day. We should from the million or so cars we have now, be able to largely offset the lack of cars by speeding up our loading and unloading.

### Eternal Things.

The destruction of a dark star is its rebirth into life again. It is ground to dust in a swarm of meteors and star-stuff, and its remnants are recreated into a new system of sun and worlds. Matter is eternal, space is eternal, and time is eternal and so far as can be learned life is eternal also.—Chicago Tribune.

### Chinese Decorate Roof Ridge.

The roof ridge of a Chinese house is usually decorated with an elaborate plaster ornament in the form of a design, embodying the character "fu," signifying happiness. To prevent the ornament being damaged by birds the owner of the house sticks numerous ordinary sewing needles point outward into the soft plaster.

## MATTERS BEFORE SURROGATE GILL

In surrogate's court the last will and testament of John J. Moran, deceased, late of the city of Kingston, has been admitted to probate. Value of estate, estimated, \$4,000 real, personal unknown. Margaret Theresa Morgan, sister of deceased, is named as executrix and is bequeathed the bulk of the estate. Nephews and nieces are legatees. Daniel H. Deyo is attorney for the petitioner.

The surrogate has issued decrees fixing and assessing the inheritance tax on the following estates under the collateral inheritance law, on the inventories filed by James Lounsbury county treasurer:

Estate of John W. Cassell, deceased, late of the town of Saugerties. Total value of inventory, \$11,737.75. Persons entitled to estate, Abbie C. Cassell \$4,266.77; Mabel J. Cassell \$7,470.98. Tax \$24.71. V. B. Van Wagoner appeared for the estate. Andrew J. Cook for the state comptroller.

Mary P. and Alice R. Watson \$1,079.35. Tax, \$49.27. Cleon B. Murray, attorney for the estate. Andrew J. Cook, for the state comptroller.

### ABOUT THE FOLKS.

Mr. and Mrs. George Washburn of this city are at the New Cliffs, Newport R. I.

Frank M. Humphrey of Morrell is visiting in Kingston, where he formerly resided.

Miss Cornelia Van Aken of 338 Broadway has returned home after spending a ten days' vacation at Stamford and Bridgeport, Conn.

Mrs. Horace Hovle, her son, Stanley and his friend, Miss Mildred Guilian of Torrington, Conn., and Mr. and Mrs. George Foster and son, Stanley, of Waterbury, Conn., who spent the week end with Mrs. Charles C. Brodhead and family, have returned home.

Mr. and Mrs. J. R. Lown of Rhinebeck and Mr. and Mrs. John M. Houghtaling, formerly of this city, motored to Summitville on Sunday and were guests of Mrs. M. H. Brink, sister of Mrs. Houghtaling. On their return they visited their son, Howard Houghtaling, at 84 Hoffman street.

### NOTED VISITORS.

Two distinguished strangers visited Kingston on Saturday. George Dudley Seymour of New Haven, Conn., and John Jay Chapman of New York city. Mr. Seymour is the man who purchased the birthplace of Nathan Hale to preserve it as a permanent memorial, and is a member of a dozen antiquarian and patriotic societies in New England. Mr. Chapman is a noted author, the friend and biographer of Ralph Waldo Emerson, of the noted Greek scholars of the country. They came to Kingston to call on Judge Clearwater, and with him to visit the places of historic interest in Kingston, of which they had often heard and read, and never seen. They were delighted with the First Dutch Church, and its wonderful burying ground; the Chapter House of the Daughters of the American Revolution, the Old Senate House; the old Hoffman House, now the home of the Salvation Army, and the other stone houses of Kingston. They expressed their surprise that the picturesque features, and historic interests of Kingston had not been more widely exploited. They regarded it as "one of the most attractive places to be visited in this country."

Yonah's Solomon, bearing his father grumbling about the high price of coal, a small boy remarked quite solemnly: "I wouldn't buy any more of it if I were you, daddy—we only burn it."

## POULTRY

### INCREASE POULTRY AND EGGS

Few Essential Things Are to Be Constantly in Mind—Dispose of Surplus Cockrels.

(Prepared by the United States Department of Agriculture.)

The general features of poultry husbandry, if adhered to by farmers and farmers' wives, by city dwellers who have enough space to keep a few hens, and by poultry specialists of the country will result in a remarkable increase of poultry and egg production. Only a few essential things are to be constantly borne in mind. First in this list, perhaps, should come careful selection of breeding stock, in order to reproduce a larger percentage of good types of profitable producers. Next to that in importance is early hatching. In order that pullets may be sufficiently mature to become good fall and winter layers, the chicks must be out of the nest as early as possible. For at least two weeks after the chicks are hatched mother hens should be confined to brood coops to prevent fatality to the brood from exposure to wet and other dangers. From the time the chicks are old enough to be immune from the dangers of wet grass and the like free range is of first importance for both growing stock and layers. Free range, in the first place, stimulates growth. It also stimulates egg production, and it reduces very materially the quantity of dry feed necessary to keep the flock in condition.

Another matter of prime importance is the production of infertile eggs. As soon as the breeding season is over every poultry keeper, whether general farmer, specialist or city dweller, should see that the hens are kept separate from the cocks. If this practice is followed it will result in the saving of millions of eggs that would otherwise become spoiled, either in the hands of the producer or before reaching the consumer.

When the chicks have reached a marketable age care should be exercised to dispose promptly of all surplus cockerels in order to conserve feed. As early as possible such pullets and hens as are not profitable producers should be culled out and sold. The greatest care should be exercised to see that profitable pullets are kept as egg producers. Throughout the year care should be exercised to prevent the marketing of all profitable hens of the general purpose class. Hens of this kind

should never be sold until the end of their second year, and hens of the Mediterranean or egg class should not be sold until the end of their third laying year. A careful check should be kept, however, on hens and every individual that does not show herself a profitable producer should be sold for meat.

**BEST FEED FOR LAYING HENS**  
Mixture of Cracked Corn, Oats and Barley is Recommended—Exercise is Important.

(Prepared by the United States Department of Agriculture.)

A good mixture for laying hens is four parts each of cracked corn and oats and one part barley or wheat. If available, which should be scattered in the litter. Provide four or five inches of good, clean litter.

A dry mash composed of equal parts of cornmeal, bran, middlings, ground oats and best scrap should be kept in hoppers to which the fowls have access at all times.

Fleets of exercise increases the egg yield. Cabbages, mangels, sprouted oats, cut clover and cut alfalfa make excellent green food for poultry. When wet mashers are fed be sure that they are crumbly and not sticky.

**GOOD QUALITIES OF ROOSTER**  
Shore Apt to Be Corried to Females Than Males—Hens Always Take After Him.

Roosters from high-priced layers are more apt to carry these qualities to their young than are those of the other breeding. This is because in all animal life the male is more likely to do more than it does the female and the female just reverses.

Lines to Be Remembered. I never did anything by accident and did not say of my triumphs came suddenly through accident, except the photograph. No, when I have fully decided that a result is worth getting, I go about it with a will and what other will can it come—Thomas A. Edison.

## A TOAST—"Wilson—That's All"

### America Uses 700 Billion Matches.

Few realize the immense labor, capital and material used to produce matches. Thousands of men are employed, millions of dollars invested and vast forests cut down to meet the demand in America of 700 billion matches a year. One plant alone on the Pacific coast covers 240 acres and uses two hundred thousand feet of sugar pine and yellow pine logs in a day. The odds and ends will not do. A constant search is in progress for large forests of perfect trees to meet the future needs.—F. H. Cheley in "Stories for Talks to Boys."

### Drying Decanters.

An excellent and quick method for drying the inside of decanters, vinegar bottles, etc., which are in daily use: After washing out thoroughly with hot water, turn upside down and allow very hot water to run over the outside about a minute. This dries the inside quickly without leaving marks. Hold them under the hot water tap. This method has been known to be used for years without a mishap. For oil bottles dry out with twisted tissue paper.—Exchange.

### Could Be Better.

A writer says it was probably a bagpipe instead of a fiddle that Nero played while Rome was burning, taking this position presumably on the fact that nearly all historians agree the music was rotten. It is for this reason we have stuck to the fiddle theory. Nero was a punk musician, and walls of the bagpipe are sweetness itself compared to the sound of the violin in the hands of a well-meaning amateur.

### Skin Milk Good Food.

Some persons imagine that when the cream is taken from the top of milk the nourishment is withdrawn. Skin milk used to be regarded as scarcely better than water. The fact is that though the fat is drawn off in the cream and it should not, therefore, be substituted for full milk in the diet of a child who gets fats in no other form, skin milk is as rich in protein as is full milk, and is, therefore, for most purposes quite suitable.

### Goodness.

The world is not suffering for new ideas so much as for the brave and faithful living of some very old ideas. Truth, justice, honor, and unselfishness are not new, but they are all too rare in our common daily intercourse. We can better do without genius than without goodness. The cultivated heart is better.

### Meaning of "Flivver."

"Flivver" has long been in use as a slang word, particularly by theatrical people, who speak of a poor play as a "flivver." In a general way the word means anything that goes wrong or fails to come up to expectations. It is equivalent to the word "fozzle." Its real origin is one of the mysteries of slang.

## SARKIS BUYS STRAND STORES

Solomon Sarkis, of Spocomore street has purchased the store buildings at No. 29 and 31 East Strand. The building at 29 Strand housed the post office for many years until it was moved to lower Broadway. Since then Ralph Henu has occupied the lower floor as a fruit store, and the upper floor were used as offices. The building next door was occupied by W. R. Perwilliger for years as a hat store until he retired several years ago. It was last occupied as a dry goods store.

SARCOMORE  
\*\*\*\*\*

Saugerties, Aug. 9.—Mr. and Mrs. Henry Dick, out of Washington avenue are spending a vacation at the Thousand Islands.

John Smith of Partition street caught his hand in the calendar in the Martin Cantine Company factory on Friday and one finger was pinched severely. The services of Dr. R. F. Diebling were required.

Mr. and Mrs. Ernest Syvan of Russell street spent Sunday in Kingston.

Mr. and Mrs. E. Lillis who have been spending their vacation with Mr. and Mrs. George Lewis on Russell street, have returned to their home in New York city.

Mrs. John Palmer is visiting her daughter in Schenectady.

Mrs. Andrew Cox and family who have been visiting the Misses Margaret and Alice Cox on Montgomery street, for several weeks, have returned to their home in Brooklyn.

Mrs. Bogart and daughter of Chatham, N. J., are guests of Mrs. John Houghtaling on Main street.

Mrs. Jarman and daughter of Kingston spent the week end with her son, James Jarman, on Main street.

Miss Olga Cordier of Brooklyn is visiting her sister, Mrs. B. F. Rowe, on Partition street.

Floyd Merritt, employed at the Alpha Cement Company at Cementon, got his left hand fast in a rope at the plant on Friday and before it could be released, two of the fingers were torn and crushed so that an amputation was necessary.

Mr. and Mrs. A. Fuller and Miss Jeanette Shelley attended church services in Kingston on Sunday.

### OUR DAILY PATTERN.

A Popular Style.

Pattern 3138 is here depicted. It is cut in 4 sizes: 6, 8, 10 and 12 years. Size 10 will require 1 1/2 yard of 27 inch material for the guimpe and 3 1/2 yards for the dress. This model would look well in blue taffeta, with guimpe of batiste or crepe. It is also nice for linen, chambray or voile. Brown plaid suiting could be selected for the dress and silk or crepe in a contrasting color for the guimpe.

A pattern of this illustration mailed to any address on receipt of 12c in coin or 1c and 2c stamps by the Pattern Department, The Freeman, Rondout, N. Y. Be sure to state the size wanted.

### Catalogue Notice.

Send 12c in coin or stamps for our up-to-date spring and summer 1922 catalogue, containing 550 designs of Ladies', Misses' and Children's Patterns, a concise and comprehensive article on dressmaking, also some hints for the needle (illustrating 20 of the various simple stitches), all valuable hints to the home dressmaker.

### Dance At Woodstock.

There will be a dance and reception in Firemen's Hall, Woodstock, on Tuesday, August 10, for the benefit of the new church of St. John of Arc, which will be erected in Woodstock. Music will be furnished by the Art League Students' orchestra. Those who have enjoyed the music of this quartet at the Maverick Pavilion know that the evening will be very enjoyable. Refreshments will be served.

### Don't Miss Information.

Friends of ours have a family of three children, Elizabeth and John—James and Joseph. The twins resemble each other so much that it is hard to distinguish them. Our day with the children was played in 12, and a neighbor named Elizabeth which of the boys was James, and the very promptly received the reply that James was the one standing next to Joseph—Elizabeth.

Olga Brockwell at Kingston—Misses Thomas at Andover.

"White Lies," a photodrama from the novel by Charles Reade, with Olga Brockwell in the leading role, is the attraction at Kingston's tonight. This is a thrilling story which tells of the events following in the wake of a woman called "White" who had been enough in their evil influence, leading suffering and disaster to innocent victims. For News Weekly, the most famous and Al St. John in "Ship Ahoy" are added attractions. Tomorrow Misses Thomas at Andover.

The Auditorium tonight will present three Thomas in "The Governor's Lady." The life of English poetess.

## FRANCE FAVORS TIGHT BLOCKADE

And Would Compel All Other Nations To Join, Says Paris Matin—Fear of Labor At Home Will Prevent Use of Armies To Check "Reds."

By Telegram to The Freeman.

Paris, Aug. 9.—France is proposing an absolute blockade of Russia, with the provision that the United States be requested to join in it, said a dispatch to the Matin from Hythe, England, where Premier Millerand and Premier Lloyd George continued their conference on the Polish situation today.

France, adds the dispatch, takes the view that "powers other than the principal allied nations should be compelled to join the blockade."

According to the Matin's correspondent at Hythe, "there is little likelihood that either France or Great Britain will attempt to send armies to Poland to fight soviet Russia because both countries fear labor troubles at home if they should try to intervene in a military way on a big scale."

Premier Millerand and Marshal Foch are said to favor the creation of defensive fronts around Russia for the purpose of checking the soviet army and ending the Warsaw-Dantzig corridor, the traffic lane between Poland and the Baltic Sea.

The Echo de Paris urges that France occupy the Ruhr district "to paralyze Germany and prevent her from giving effective aid to the Russian Bolsheviks." The newspaper admits that this may alienate sympathy in some quarters, evidently meaning the United States.

The possibility of a forward movement of French troops from the Rhine was discussed in long articles by influential French newspapers. There was a relaxation of the reports current Saturday that France is insisting that a strong note of warning be sent to Germany against extending aid to soviet Russia or against interfering with legitimately French movements.

"The allies may vaguely threaten intervention, but they are without the power of effective measures," said St. Brice, the political editor of the Journal. "Thus, they hope to impress the Bolsheviks to use moderation."

### Will Meet in Poughkeepsie.

The inter-city meet of Hudson River Rotary Clubs, which was originally announced for Lake Minnewaska, Ulster county, will be held in Poughkeepsie instead, on Wednesday, September 8, being in Labor Day week. Although sentiment favored the Minnewaska idea, it was ascertained so large a party as would gather could not be cared for at the summer resort, and Poughkeepsie was chosen to accept the responsibility. The meet was awarded it. It will be held in Eastman Park, opening at 2 o'clock with baseball and athletic sports. At 5 o'clock the Rotarians will be taken to the Stratford Theater and given an entertainment, each club represented being expected to put on a vaudeville stunt of some character. There will be a cabaret supper served in the Masonic Temple.

### Four Speeders Caught.

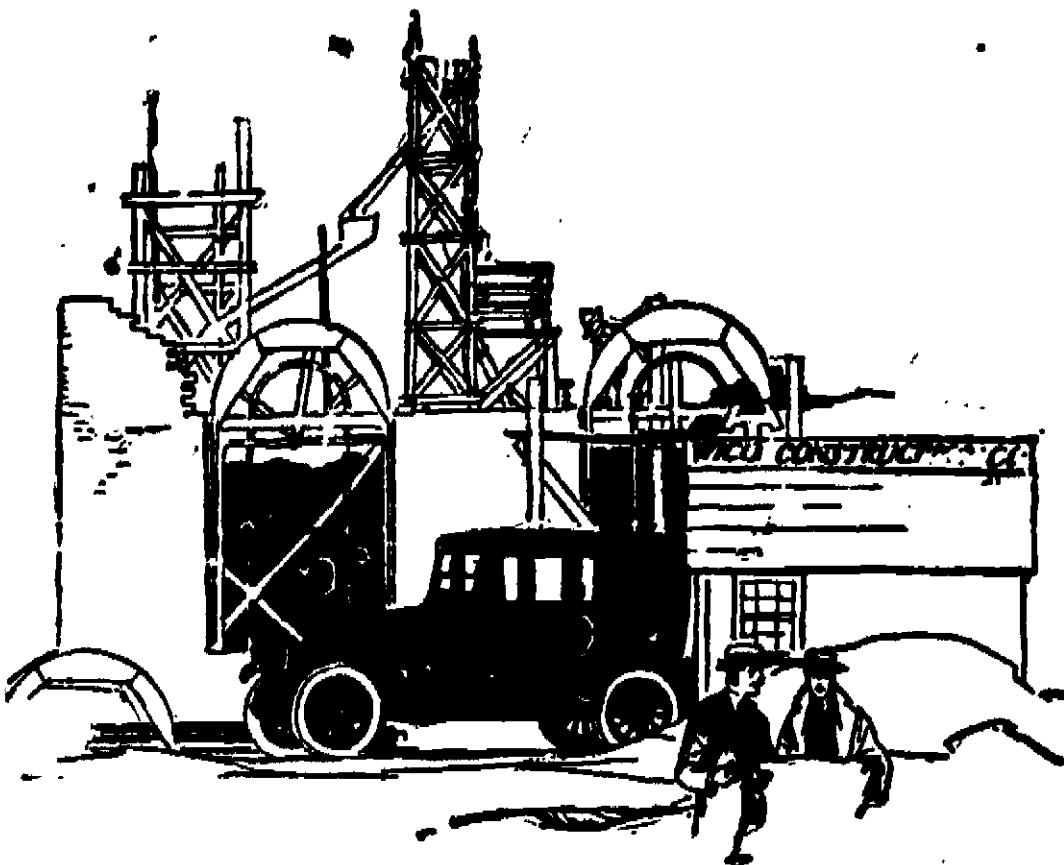

The motorcycle officers were busy on Sunday and rounded up four speeders. Martin Haggerty of this city, who was arrested for the same offense a month ago, pleaded guilty in police court and was fined \$10 this morning. The three other speeders were Harry Landerman of New York, William A. McNulty of New York and Silvan Palmer of New York. They all gave cash bail for their appearance later.

### Sunday Ambulance Calls.

Sunday the ambulance removed Margaret Ryan from the Industrial Home to the Benedictine Sanitarium. Mrs. Nellie Plow from Lake Katrine to the Kingston City Hospital. She was injured at the tragedy at that place Saturday evening. Barney Olch from Wilbur to the Kingston City Hospital. Loren Smith from the Kingston City Hospital to No. 45 Hurley avenue.

### No "Wild Cats" for Newburgh.

The film play "Wild Cats" cannot be shown in Newburgh. Friday City Manager McKay refused to issue the necessary permit for the showing of the picture. The picture was also excluded from the theaters of New York city. It was shown here some time ago.

## 20 miles to the gallon of gasoline

The Franklin uses less fuel to go a given distance because light weight and less friction make it the easiest rolling—and therefore the most easily controlled—car on the market.

## 12,500 miles to the set of tires

Long tire life can only result from less road shock—and that means greater comfort for the rider and driver. Franklin comfort is as unusual as the tire mileage its owners get.

## 50% slower yearly depreciation

Slow depreciation means longer life, less troublesome and less expensive service during that life, and a higher re-sale value at any given period.

80% Increase in Production

RUSSO-POLISH  
TRUCE REPORT

By Telegram to The Freeman.  
London, Aug. 9 (5 p. m.).—Russia has agreed to a four days' truce on the Polish battlefield for the discussion of armistice terms and peace preliminaries at Minsk. It was reported in the lobby of the House of Commons this evening.

It was learned by the International News Service from an authoritative source this afternoon that the Russian armistice delegates are prepared to make concessions to Poland in order to facilitate peace. British officials declared they were "supremely confident" that a solution of the Russo-Polish crisis would be reached through mutual concessions.

HARDING READY  
ON LEAGUE ISSUE

By Telegram to The Freeman.  
Marion, O., Aug. 9.—With the issues of the campaign clearly defined, Senator Warren G. Harding, Republican nominee for president, started today the preparation of a series of addresses to be delivered from his front porch here.

Senator Harding was quoted as would gladly meet Governor Cox on the issue of whether the American people were to be committed to the league of nations with or without reservations.

In a referendum on this issue, victory would result for the Republicans this November, according to Republican leaders throughout the country.

As one who served on the senate foreign relations committee during the long fight over the treaty of Versailles, the senator was stated at his headquarters here, is well versed in all phases of the league issue which he regards as paramount in the campaign.

Not until the November election, however, will there be a real showdown on whether Senator Harding or Governor Cox is to carry his home state, it is said. Both sides are claiming Ohio and political sharpshooters will watch the size of the Republican and Democratic vote tomorrow in the local elections for indications as to what strength the Republican or Democratic ticket will muster in November. Whatever the outcome, the stage is set for one of the hottest campaigns ever waged in the state's eventful history.

#### F. & D. Won Sunday Game.

The F. & D. team of the Twilight  
League traveled to Staatsburgh on  
Sunday and administered another de-  
feat to the team of that place, win-  
ning by a score of 7 to 5. Kenney of  
Wilbur was in the box for the locals,  
and Rubie DeGraff, of Hudson River  
League fame, was in the box for the  
Staatsburgh.

#### The Correct Way.

When any of our folk plan a trip  
to New York city's reservoir in the  
Catskills, they say they are going to  
"A-shokan." In Kingston it is called  
"Ash-o-kan," which is backed up by  
Indian authority.—Newburgh News.

Fast Traveling Hoopery Outfit—  
20 to 2 When The Clatter Stopped—  
—Chatterbox, Highly Touted, Next.

Although there was a rain fall  
early Saturday afternoon which in-  
dicated a shower previous to the  
scheduled game of baseball between  
the Kingston baseball team and  
Phoenix Hose team of Poughkeepsie,  
the shower of rain did not come but  
a shower of runs made by the King-  
stoners happened. The result of the  
contest—a very one-sided one—was  
Kingston, 20; Phoenix, 3. The game  
began about 3:45 before a fair  
crowd considering the threatening  
weather, the grounds being in good  
condition, the lot being a sandy one.  
Owens, the twirler for the visitors,  
was easy for the Kingston players,  
they corralled twenty-one hits, be-  
sides he was wild and his support  
was poor, especially on the part of  
the Kingston's Malenheider and  
Moore each added four to their bat-  
ting record and Hal Coffey and  
Hornbeck got three each. Nine stol-  
en bases are credited to the home  
players.

The Clermonts of Newburgh are back-  
ed to play the Kingston at Athletic  
field on Saturday afternoon next,  
being considered a stronger team  
than the Creasents or the Shipbuid-  
ing Company nine. A big crowd  
should turn out as a fast game can  
be looked for, if the weather is fine.

#### ESOPUS WINS.

Hiltbrant's Heaten 11-3 by the  
"Sluggers."

The Hiltbrant shipyard ball  
players, which are considered a fast  
team, tested out their strength  
against the Esopus Sluggers Sunday,  
and it was a fast game and interest-  
ing from start to finish. Although  
the shipyard men put up a stiff game  
they came out on the short end.

During the first inning both teams  
played an even game and in the next  
inning Hiltbrant scored one run,  
also in the fourth one run, while Esopus  
was shut out in the first three  
innings but scored two runs in the  
fourth inning, making an even game,  
2 and 2. Both teams were shut out  
in fifth and sixth innings. Then  
Esopus touched the stifling team  
somewhat in the seventh inning,  
halting up 9 runs, which looked  
like a watermelon cut to pieces. At-  
ter the seventh inning the game was  
won by Esopus. E. Scherer pitched  
the first six innings, after that being  
taken out and A. Maurer put in the  
box. R. Vandermark, pitching for  
Esopus, put up a bully game, with  
the support of the team, which was  
excellent, putting the snap into the  
game.

Esopus will play the Wilbur Feds  
Sunday, August 15, at Esopus.

#### ACCIDENT VICTIMS.

Harvey (Nick) Leaver, Hospital—Miss  
Newbury's 8th Brother.

Harvey Ock of Rifton was  
brought to the Kingston City Hospi-  
tal Sunday afternoon. He was injur-  
ed when he was hurled from an auto-  
mobile in a collision with another car  
on the Rifton road about a mile be-  
yond St. Henry. He had so far re-  
covered this morning that he was  
able to leave for his home.  
Miss Lillian Mountbenger and  
Miss Martha Brown, both of New  
York, were injured Saturday after-  
noon when the auto bus they were  
riding in backed down the Boulevard  
hill and they were thrown out. Miss  
Mountbenger, who sustained a  
sprained ankle, left after having a  
bandage applied to her ankle. Miss  
Brown is still confined to the Kingston City  
Hospital with fractured ribs. The  
bus was on the way to Tifton and  
was driven by a man named Meyer.

#### Anglo-French Accord.

By Telegram to The Freeman.  
London, Aug. 9.—England and  
France are in complete accord as to  
the method of stopping the Russian  
advance in the Baltic. The Anglo-French  
accord is complete. The navy will play an im-  
portant role. It is possible that the  
British navy will be stationed at  
Vladivostok.

## RICKARD MAY PURCHASE GARDEN

Sports Promoter Plans Organization  
of Major Proportions, According to  
Latest Announcement.

By Telegram to The Freeman.  
New York, Aug. 9.—It now is  
practically certain that the United  
States will have a sporting club of  
huge proportions. Tex Rickard's an-  
nouncement regarding his plans for  
Madison Square Garden makes it al-  
most sure.

There have been numerous efforts  
to establish a sporting club in this  
country that would parallel or sur-  
pass the famous club in London, but  
all failure has met every effort but  
one, and it is staggering on the rocks  
now.

William A. Gavin has been trying  
hard to establish the International  
Sporting Club in this city. Proten-  
tious plans have been made for it,  
and one boxing card already has  
been staged under its auspices—the  
Fulton-Wills affair in New Jersey. It  
is having its troubles, though. Both  
Rickard and Major A. J. Drexel-  
Biddle, the Philadelphia, have with-  
drawn their support, and Biddle has  
thrown his influence to Rickard's or-  
ganization. That was a blow that  
Gavin will find it hard to surmount.  
Many men who had allied themselves  
with the club probably will with-  
draw now that Rickard has stepped  
out, for his name and that of Biddle  
were great attractions to fight fans  
who believed they would have some-  
thing to do with the club's manage-  
ment.

Rickard enjoys a better position in  
the field for establishment of a club  
than the others have, for he has at  
his disposal a building ideally con-  
structed for boxing bouts. He does  
not have to solicit memberships and  
then erect his structure. It stands  
ready for him. Further, it now seats  
13,000 persons and will be made over  
so that it will be possible to put  
18,000 in the arena. To construct a  
building of those dimensions would  
be a little too much for any other  
organization, for it would have to be  
utilized for other things as well as  
boxing, and the Garden has that field  
pretty well sewed up, what with the  
circus and other annual attractions  
being cared for.

The International Sporting Club  
or any other similar organization  
would have to limit its building for  
boxing and wrestling. That is the plan  
under which the Gavin venture was  
launched. Its seating capacity neces-  
sarily will be limited under those re-  
strictions, which will make prices  
for bouts practically prohibitive to  
the ordinary fight fan. And that will  
not set so well with the public. Also,  
it will be found very hard to induce  
fighters to go into action for the  
sums Gavin will have to pay.

The International Sporting Club  
started with a very creditable plan,  
and it really will be an enormous aid  
to boxing if it can be put through  
for, in addition to the championship

bouts now being planned by the or-  
ganization, it is proposed to handle  
amateur bouts of every sort and to  
encourage entry of new material into  
the ring game. Some sort of super-  
vision of boxing also is included in  
the plan of the club—a supervision  
that, if carried out, would mean  
elimination for a lot of trouble-mak-  
ing elements with which the game  
is now infected.  
Rickard, however, has declared war  
on the International largely because  
he will be running in opposition to it,  
and not entirely because he disagrees  
with the International's plans. He  
was one of the prime movers in the  
club, and his ideas are incorporated  
strongly into it.  
Rickard's name carries an enor-  
mous amount of weight with boxing  
followers and with the boxers and  
their managers. Good evidence of this  
may be found in the fact that Jack  
Kearns recently stated that if Tex  
bids low for Dempsey's next big fight,  
he probably will get the champion.  
Unless the discrepancy runs into a  
good many thousand dollars, Kearns  
trusts Rickard, believing there is no  
other man who approaches the noted  
westerner as a handler of big boxing  
bouts.  
So, considering these things, it  
seems most likely that Rickard will  
be standing out as president of  
America's first big club for boxing,  
when he gets through. The Inter-  
national may yet come along. Lots of  
folks hope it will. It is, however, in  
troubled ways and must weather  
considerable criticism.
